## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert D. Kucler on 30 November 2004.

The application has been amended as follows:

#### **IN THE CLAIMS:**

Re claim 50: The phrase -- wherein the display device includes a mitigation device, and -- has been inserted after "a wireless data link," (line 8).

Re claim 81: The phrase -- received through a mitigation device -- has been inserted after the term "barcode" (line 9).

### ***Allowable Subject Matter***

2. Claims 1-39, 50-56, 63, 64, 79, and 81-90 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record, taken alone in combination, fail to teach or fairly suggest, in conjunction with other limitations in the claims a wireless communication system comprising a mitigation device oriented between the display and the data acquisition device. The mitigation

device circularly polarizes light and thus allows the laser beam to pass through a linear polarizer such as a LCD screen.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
